

Dear Dog Lover,

As a breeder, animal health is one of my top priorities. Because of this, I strongly recommend NuVet immune system builder to all of my customers. Simply put, it is the best nutritional supplement available today.

Hundred of thousands of dogs and cats are using NuVet to protect against most ailments (back yard pesticides, pet food allergies and hormones, toxic formaldehyde in things they could chew, ailments transmitted from dog parks and the vet's office, ect), while maintaining a great coat and skin!!

This is NOT just a vitamin. It's an immune system builder with a perfect balance of vitamin, minerals, omega fatty acids, amino acids and high-potency antioxidants. That's why it works so well through all three stages of a dog's life.

BONUS: PETS LOVE THE TASTE!!!

- For younger dogs (under 2) It strengthens their immune system while building and strengthening the cardiovascular, skeletal and nerve system. It also helps protect them from the side effects of vaccinations and the stress of a new and different home.
- For dogs in their prime (age 2-8) It improves the luster of their skin and coat while protecting against allergies, skin and coat problems, tear stains, digestive problems, ect.
- For older dogs (over 8) It helps protect against tumors, premature aging, cataracts, heart conditions, diabetes and many types of cancer, while extending the life and improving the vitality of many dogs.

I highly recommend NuVet Plus to keep your pet on the path to great health!! It's not available in stores, and is **only** available to the general public with an order code from an authorized pet professional.

You may order directly from the manufacturer by calling **1-800-474-7044** and use **code 777704** or by ordering online @ www.nuvet.com/777704. You can also save an additional 15% and assure you'll never run out by choosing "auto ship" at check out!!
